Medical inflation & Spiralling healthcare costs

The ever increasing cost of medical inflation remains a key concern in the healthcare sector.

Advances in modern medicine mean that we are living longer, but this inevitably means that we will also be incurring healthcare costs over a longer period of time.

Growing investments in medical facilities and equipment, and increasingly expensive advanced medicines and biotechnology combine to result in a rapid rise of overall healthcare costs.

In light of this inflation, concerns about the long-term sustainability of healthcare financing remain very real and are affecting all advanced world economies.

Budget 2014 acknowledges this issue and notes that healthcare spending will be the main driver of higher social spending in Singapore over the next 10 – 15 years.

Protect yourself and your family against these spiraling healthcare costs with the reassuringly high cover limits and comprehensive range of benefits under **SmartCare Optimum^{Enhanced}**.

Frequently Asked Questions

1. Can my family members take up different plans under the same policy?

Yes, but dependant's cover must not be higher than the policyholder. For Dental Rider, all family members must choose the same plan as the policyholder.

2. Is there any family discount?

We offer 10% family discount for three (3) or more family members covered under the same policy. Families must include at least 1 Insured Adult.

3. My spouse and I already have medical insurance with another provider. Can I take up Individual SmartCare Optimum^{Enhanced} to cover only my child?

No, proposals for children must include at least one parent or guardian. Children must be aged at least eighteen (18) years at their next birthday to be eligible for a standalone policy.

4. Will you re-underwrite my policy at renewal? Will I be penalised if I have made a claim in the current policy year?

We will not change the terms of your policy simply as a result of your personal claims experience. Premiums are decided based on the age of each insured member and also the overall claims experience of all individuals insured with us on the same plan. This community pricing helps minimise fluctuations in your premiums year on year.

5. Am I covered if I travel outside Singapore?

Yes, if you are outside Singapore for periods not exceeding ninety (90) consecutive days at a time. For inpatient other than Emergency Treatment, our liability is limited to charges for equivalent treatment in Singapore General Hospital, subject to the maximum limits of your Plan. For outpatient treatment, we will cover under the General Practitioner Overseas Treatment benefit up to the maximum limit per visit of your Plan.

6. Are pre-existing conditions covered?

Pre-existing (non chronic) are covered under Outpatient General Practitioner & Outpatient Specialist Care only. Pre-existing Chronic conditions are covered under Outpatient General Practitioner (Non panel) & Outpatient Specialist Care after a waiting period of 12 months.

7. What is a chronic condition?

9. Does the policy pay for Congenital conditions?

Yes. The policy pays for inpatient or daycare treatment of congenital conditions up to the limit shown in "Congenital Condition Benefit" and subject to the below criteria:

The birth defects must either be first diagnosed by a Physician or have symptoms which first appeared:

- after 24 months from 1 August 2015, which is the date on which this Congenital Conditions Benefit first became effective; or
- after 24 months from the Effective Date of the policy, whichever is later.

10. Can I take up dental rider without my dependants?

When the dental rider is selected, all insured adults under a Policy are also required to take up the Dental Rider (with the exception of Children, for whom Dental Cover is not compulsory).

11. Why does the Travel Rider not include medical expenses or evacuation & repatriation coverage?

Our intention is to offer you with a basic level of travel insurance which covers Accidental Death & Total Permanent disability and Travel Inconvenience benefits at a very attractive premium.

The cost savings are achieved through the removal of duplicated overseas medical expense benefit and Evacuation & Repatriation Benefit which are already included under the **SmartCare Optimum^{Enhanced}** plan. However, please note that overseas coverage is available only if you are outside Singapore for periods not exceeding ninety (90) consecutive days at a time.
